# BUSINESS Spotlight

by Veronica Boulden

## Aluminum Reflections, LLC

Remember what your new car looked like when you drove it home from the dealer? Wouldn't you like it to look like that again? It is possible! Just call Aluminum Reflections, a mobile detailing service.

The business is owned and operated by local resident Patrick Muscillo. Patrick purchased the business two years ago from previous owner and well-known Prospect businessman Glenn Noble. Though Patrick's business has and will continue to specialize in polishing aluminum oil tanks on large trucks, it is expanding to become a detailing service for your personal and/or business vehicles.

Patrick Muscillo is not new to Prospect. You may already know him from his previous job in town. At the same time he owned and operated his own business, Patrick worked as operations manager at the previously named Personal Touch Car Wash located on Rt. 69 in Prospect. This work at the car wash, combined with several years experience detailing at car dealerships, gives Patrick more than ten years experience in restoring cars to their best condition.

Aluminum Reflections Mobile Detailing Service will care for your personal and/or business vehicles, boats and/or motorcycles. The business works

for you, where and when you want it to. Aluminum Reflections can come to your home and do the work there under your supervision, or it can come to your work place, pick up your vehicle(s) and deliver them back to you at the location and time you specify. The detailing on your vehicle will likely take three to four hours and the price will be around \$125. Of course, time and price can be slightly more for any over-sized vehicle or any vehicle that is in very poor condition.

The mobile detailing service will include the following: hand washing and waxing, buffing and polishing out light scratches, shampooing interiors including full interior detailing, stain removal from carpet and seats, and leather conditioning. Also soon to be added to this list of features, Patrick will be doing glass repair as well.

When asked what he wanted our readers, his potential customers to know, Patrick said emphatically, "Customer satisfaction is my number one priority." Patrick is not satisfied with his work until you are satisfied with it.

For more information about Aluminum Reflections, you can visit the website at [www.aluminumreflections.com](http://www.aluminumreflections.com) or you can contact Patrick by phone at 758-6730 to set up an appointment.
